

WHEN NOTHING IS CERTAIN, ANYTHING IS POSSIBLE.

JULY

Happy July Cancerians et al. In my June newsletter, I mentioned that Third Culture Kid is a Houston-based brand with global appeal. It's also a feeling, an attitude, and way of life. It's a title to wear on your sleeve.

New this month to myself and my partners is attending markets. Our market of choice this month is the Montrose Market next to Pavement. If July is our lucky month, we will share photos. the right partnerships are important. Together, we go further. I am teaming up with [@foyfashionfiles](#) and [@houstondripfactory](#) for our first event collectively.

Speaking of the right partnerships, June marked the month Third Culture Kid's Confucius Garden t-shirt from the Hou Collection hit the streets of Montrose hosted by none other than [Space Montrose](#) on Westheimer Road in Houston, TX.

The store highlights artists and creators that live and craft in the USA.

Thank you, [@Space Montrose](#).

Sincerely, - Third Culture Kid Shop
